10. Derogations

(if applicable)

To be completed only if the organisation applies for specific derogations in accordance with Article 5 of Commission Regulation (EC) 1035/2011, dated 17 October 2011 and such derogations have been determined as appropriate by the NSA. Justification for the specific derogations applied for should be enclosed to this application form.

(tick as appropriate)

- the applicant is aware that under Article 4 the certificate will not allow for the provision of cross-border services and that they will not benefit from the right to mutual recognition within the Single European Sky.
- the applicant intends to provide ATS services only with respect to one or more of the following categories:
 - general aviation aerial work
 - commercial air transport limited to aircraft with less than 10 tonnes of maximum take off mass or less than 20 seats
 - commercial air transport with less than 10.000 movements per year (counted as the sum of take- offs and landings), regardless of the maximum take off mass and the number of aircraft seats used, the number of movements being calculated as the average over the previous three years
- the applicant is an air navigation service provider other than a provider of air traffic services and as a gross annual turnover of 1.000.000 EUR or less in relation to the services it provides or intends to provide.
- the applicant provides, or intends to provide, AFIS services by operating regularly not more than one working position at any aerodrome where this service is provided.
- the applicant has documented the relevant evidences of all the above.

11. Detailed Description of the Scope of Services for which Certification/Changes is/are Requested

- a) Use as many attached pages as necessary to complete the table.
- b) Use the types of services, their parts and sub-parts as they appear in the table provided by the NSA to describe the scope of services for which certification can be requested/granted.
- c) Complete only the boxes relevant to the application.
- d) The '*conditions proposed by the applicant*' should include all those conditions and limitations identified by the organisation in relation to the services for which certification is requested. The conditions proposed should be clearly formulated and fall under the categories of possible conditions to be attached to certificates in accordance with Annex II of Regulation (EC) 550/2004.
- e) Wherever necessary, the conditions can be described by means of references to documents attached to this application form or other relevant documentation.

Services	Type of service to be provided	Part of the service to be provided	Sub-part of the service to be provided	Conditions Proposed by the Applicant
